HISTORIC AMERICAN BUILDINGS SURVEY

(SC-377)

Card
2 of 2

pedimented tetrastyle portico with superimposed orders (Doric and Ionic) on southwest (land) facade; modified double-pile, centerhall plan, interior contains elaborate original panelling, double stairway, and decorative plasterwork. Built between 1738-42; undergoing restoration. One of America's foremost examples of early Georgian Architecture, Drayton Hall is also notable as the seat of a family prominent in the annals of state and nation. 14 sheets (1974, including title sheet, site plan, floor plans, elevations, sections, details). NHL
